Showcasing Leadership and Innovation: Euphoric Managers

Euphoric Managers 2024 was a flagship event, driven entirely by students, that showcased their organizational, creative, and leadership abilities. Fully conceptualized, planned, and executed by the students themselves, the event highlighted their teamwork, strategic planning, and problem-solving skills. The series of competitive activities offered a platform for students to test and refine their managerial capabilities:

- **Recruit-a-Palooza:** A mock recruitment challenge where students showcased their interview skills in securing a simulated corporate role.
- **Marketing Blitz:** Participants gave impromptu, two minute marketing pitches on randomly assigned products, demonstrating creativity and persuasive abilities.
- **Dragon's Den:** Inspired by Shark Tank, this event allowed students to pitch innovative product ideas to a panel, promoting entrepreneurial thinking.
- **Kaizen:** A case study competition where students analyzed business challenges and presented solutions for MBA Chaiwala and Byju's, showcasing critical thinking and presentation skills.
- **Chatty Mouth:** A public speaking challenge where participants delivered two-minute speeches on randomly chosen management topics, boosting their confidence and communication skills.
